

Subject: Interested in Working With Pharmacy Submitters?

We're moving together to CAIR2

Bigger Better Faster

Hello CAIR IZ Portal Health Information Exchange (HIE) contacts and Electronic Health Record (EHR) vendors,

Pharmacies are now mandated in California to submit vaccinations to the California Immunization Registry (CAIR). There are an estimated 6,000 pharmacy sites in California, including about 2,000 that are not affiliated with a chain. In general, pharmacy management systems (PMS) are not capable of exporting HL7 messages or submitting them to CAIR but must use an intermediary to translate and submit as HL7.

To assist pharmacies to identify health information exchange (HIE) partners who would be willing to convert PMS exports into HL7 messages and submit them to CAIR2 on their behalf, we are asking interested CAIR HIE/Sending Facility contacts to complete a survey so we can post a list of interested HIEs at cairweb.org. Please help us by completing this short survey at <https://www.surveymonkey.com/r/X6D9T9Y>.

Thank You!
