We're moving together to **CAIR2**

Bigger Better Faster
Find out more.

The California Immunization Registry (CAIR) is in the process of being updated to a **bigger, better and faster** immunization information system, called CAIR2. All existing immunization data from the regional registries in California are being combined into one system, so you will be able to access immunization information from across the state in the future.

Visit the [CAIR2 webpage](#) to find out:

- When your region will launch to CAIR2
- What training you may need to take to use CAIR2
- The many benefits of using CAIR2

Continue to visit the [CAIR2 webpage](#) for the latest updates!

If you know of any CAIR users who have not received this email, urge them to update their email addresses at the links below to receive important communications throughout the CAIR2 transition.
