Subject: CAIR2 Training Registration Is Open – Sign Up Today!

We're moving together to CAIR2
Bigger Better Faster

[CAIR2 Training Registration](#) is now open for active* '[Power](#)' and '[Regular](#)' users in the following CAIR Regions:

- Northern California (INNC)
- Greater Sacramento (SFT)
- Central Coast (CCIR)
- Inland Empire (IE)

[Training](#) is required if you want to access CAIR2 so users are encouraged to sign up now! The training will orient you to the new CAIR2 software so that you are ready to begin using it when your region switches over to CAIR2 on October 3rd 2016.

Formal training will not be required for [Read-only users](#). Instead, instructional videos and a written guide will be available for viewing before the launch.

Users in the remaining CAIR regions (Bay Area, Central Valley, LA-Orange) will not be eligible to register now but can register at a later date. See [CAIR2 Timeline](#) for registration eligibility**. Also, newly-registered users in the 4 regions mentioned above will not be able to register for CAIR2 training until October 3rd 2016.***

[Sign up](#) for training today!

If the sign up link above doesn't work, go to <http://cair2reg.cairweb.org/>

*An 'active' CAIR user is defined as any user who logged into CAIR at least once within the previous 6 months and had an active account as of 7/27/2016.

** As noted in the [CAIR2 Timeline](#), users in Phase 2 (CAIR Bay Area, CAIR Central Valley) and Phase 3 (CAIR LA-Orange) will not be eligible to sign-up for training until later. Note that CAIR San Diego (SDIR), CAIR San Joaquin (Healthy Futures), and CAIR Imperial (Imperial County Immunization Registry) users will continue using the same software so will not need to be trained.

***If you are a newly-registered user in any of the 4 regions mentioned above, but did not have an active account as of 7/27/2016, you will not be able to register for CAIR2 trainings until October 3rd 2016.

Newly-registered CAIR users have two options:

1. Defer your new user training until CAIR2 launches in October. In this scenario, you would not be allowed access to the current CAIR (CAIR1) but could have access to CAIR2 once you complete CAIR2 new user training after the CAIR2 launch in October.
2. Register for and complete CAIR1 training in August. In this scenario, you would be able to access CAIR1 as soon as you complete CAIR1 training in August but would need to attend additional CAIR2 training after the CAIR2 launch in October.

If you have registered for an August CAIR1 training and now want to cancel, you may do so using the link found on your training email confirmation.
